The SELACO WDB Community Stakeholder forum focuses on the topic of Career Pathways. Stakeholders are asked to provide insight to the following questions:

1. What are the “hard-to-fill” jobs and occupations in demand sectors? Where are the skill gaps?
2. What career pathways exist to help workers enter and succeed in these jobs and occupations?
3. What can we do as a community to improve career pathway opportunities?

Please submit your comments to annai@selaco.com.
